Magic square daylight kit

50-401DLK contains one 85W 5200K large fluorescent bulb that emits 5500 lumens of light. The magic square has no rods to assemble, just unfold it, and attach the diffuser, clip on the back mounting plate for lamp socket. That is it.

The magic square has recessed rim to avoid light spillage. Size of diffuser is 16x16" and the weight is less than 3 lbs without bulb and socket.

The magic square is ideal to use with our MHP-800 Metal halide lamp set up. It emits over 12000 lumens of daylight, and stay cool that you can shoot ice-cream without melting it. Contains 1 magic square, 1 mounting base, 1 85W 5200K bulb, and one socket with 12ft power cable. **(Do not use it with halogen bulb)**
